

AusNOG01 provides an avenue for network operators to meet, discuss and exchange ideas related to the industry with specific relevance to the coming 6-12 months.

The conference has a technical, operational and business focus. **AusNOG**01 is run by operators.

Visit http://2007.ausnog.net/ for more information.

Who should attend:

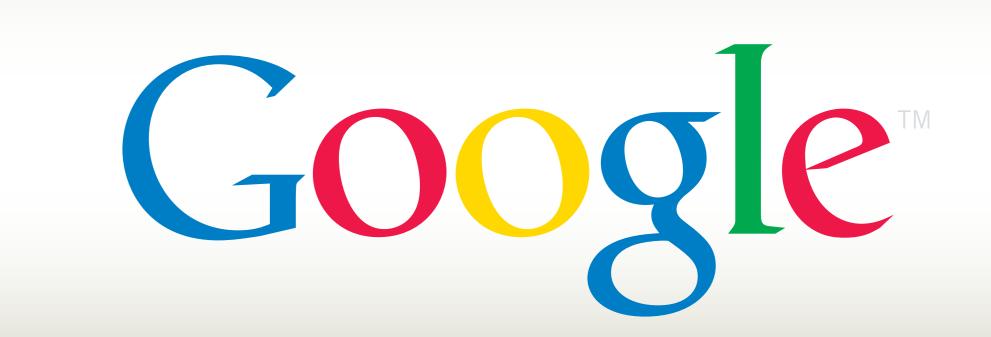

- CTOs;
- Network Managers/Head of Networks;
- Owners and operators of ISPs & carriers;
- Network operations personnel;
- Provisioning teams & support groups;
- IP & transmission engineers; or
- Professionals in the IP or network space.
